(Spring Semester)

During second semester, students will take a beginner keyboarding class. Students will be introduced to typing and basic computer skills. This will help them as they type papers for English and Science Fair, and it will be a great foundation to prepare them for the keyboarding course in seventh grade. The class will be about 45 minutes one time per week.

*Keyboarding Skills* by Diana Hanbury King  
(may be purchased at [Christianbook.com](http://Christianbook.com) or [Amazon.com](http://Amazon.com))
