Keyboarding I: Email faith.tutorial@yahoo.com with any questions (Spring Semester)

During second semester, students will take a beginner keyboarding class. Students will be introduced to typing and basic computer skills. This will help them as they type papers for English and Science Fair, and it will be a great foundation to prepare them for the keyboarding course in seventh grade. The class will be about 45 minutes one time per week.

Keyboarding Skills by Diana Hanbury King
