Math:

Math U See, www.mathusee.com, 888-854-6284
4 Items from ZETA products required to purchase* are:
Instruction Manual, Instructional DVDs, Student Workbook, Tests Booklet

*You may purchase these required items from various sources but if you visit the Math-U-See website and purchase them new, you will want to follow the prompts below to get to the correct option:

Visit mathusee.com
Click on Products
Click on Math-U-See Curriculum
Click on Zeta option
Once on that page, scroll down to the purple-colored banner labeled Zeta Products and you'll see 4 options in that purple-colored banner. If you need to purchase all 4, click on the **LEVEL UP SET** option. It will include all the required items needed including a bonus item.

If you already have the required Instruction Manual and Instructional DVDs and just need the required Student Workbook and Tests Booklet, then follow the prompts as above but click on **STUDENT PACK** in the purple-colored banner.

Follow these prompts to a math assessment that includes the math concepts that students will be expected to know prior to 6th grade math at the Tutorial.

Visit mathusee.com
Click on Placement
Click on the blue banner in the middle (learn more about mathusee placement)
Click on Classroom Placement
Click on General Math Placement Tests
Click on Epsilon

*All supplies should be brought the first day of class. Pencils should be already sharpened.
Depending on your grade, please note that you may be asked to print assignments or various documents on your own throughout the year.
Therefore, please be prepared to have access to your own printer, paper and ink cartridges as necessary.*

Keyboarding I: Email drsamfaithtutorial@gmail.com with any questions
(Spring Semester)

During second semester, students will take a beginner keyboarding class. Students will be introduced to typing and basic computer skills. This will help them as they type papers for English and Science Fair, and it will be a great foundation to prepare them for the keyboarding course in seventh grade. The class will be about 45 minutes one time per week. Students will be using Google Drive and Docs for assignments.

Keyboarding Skills by Diana Hanbury King
(may be purchased at Christianbook.com or Amazon.com)

Keyboarding Supplies:

Pencils
Pocket folder with paper
Laptop (with internet access)*

***Faith Tutorial will not provide laptops for this course. Each student is required to bring a laptop to class as well as the laptop charger. It should be fully charged prior to class.**

Prior to this class, students must create a Google account and must have their own email address. If they do not already have an email, we recommend a gmail account. If they already have their own email from yahoo or the like, that is fine, you do not have to create a new one. These are the same requirements for the seventh grade keyboarding class.
