Elementary and Secondary Prices and Policies

Elementary students (PreK-6th grades) must enroll for classes on both Tuesdays and Thursdays. Depending upon their course selections, secondary students (7th-12th grades) may choose to enroll in one or two courses on a Tuesday and/or one or two courses on a Thursday. Either way, the secondary tuition is the same per day. A generous multi-child discount is included in the above tuition schedule that will apply to the number of children enrolled per family on a Tuesday and/or a Thursday. Student absences, vacation days and/or unforeseen days that Tutorial is closed due to inclement weather or similar scenarios are not deducted from tuition.

In an effort to budget and simplify tuition costs per month, annual tuition due will be billed at an average monthly rate. The average monthly rate is based on the total number of Tuesdays and/or Thursdays for which your child(ren) is (are) enrolled for the academic year and then is divided by 10 (the number of months in the academic calendar). The annual, student matriculation fee is not included in the average monthly rate and will be billed separately in August.

Monthly invoice reminders will be emailed directly to you at the beginning of each month. Tuition will then be due by the 15th of each month. Those wishing to pay tuition by semester may do so; however, there is no discount for prepayment. If tuition is unpaid by the 15th of the month, a \$25 late fee will be automatically charged to your account. If any unpaid balance is 60 days old, you will be asked to withdraw your child(ren) until the balance is paid, including ongoing monthly tuition. The returned check fee is \$25.
